Interdisciplinary Film and Digital Media (IFDM)

Admission Criteria and Curriculum Information

Interdisciplinary Film and Digital Media (IFDM) at the University of New Mexico recognizes the evolution of cohesive collaboration among the worlds of art, science and technology and leads the way as a model of interdisciplinary education. IFDM gives students necessary critical, creative and technical skills to apply digital technologies in innovative and productive ways. Whether you are interested in gaming, engineering, graphic design, music, VFX or animation, commercial or documentary photography, production level courses that focus on directing, writing or producing, or a business concentration that emphasizes the legal, marketing and accounting aspects of the digital film and media industry, IFDM is structured to serve your needs.

Admission Criteria

Admission to IFDM is a three-tiered process:

1. Students must apply for admission to the University of New Mexico through UNM Admissions. Visit <http://www.unm.edu/apply/> to apply online.
2. Students then apply online at <http://ifdm.unm.edu/> to Interdisciplinary Film & Digital Media. Updates on application deadlines will be made on the Department of Cinematic Arts website. Applicants must submit the following application materials:
 - Written essay (1 page) artist statement explaining how the portfolio piece you submit represents your interests in the visual arts and what you hope to learn in IFDM.
 - One strong **original** creative work including, and not limited to a poem, script, journalistic article and photo, computer programming for games, animation, business plan, video, film, digital photography, music & sound, multimedia piece, drawing, painting, etc.
 - The IFDM admissions committee will review your ACT or SAT Scores and your transcripts (high school & college).

If accepted, you will be admitted into the cohort that begins in the Fall semester immediately following admission.

3. Finally, students must apply to one of the following ***IFDM Host College/School at UNM*** to become a declared major. This step should occur as soon as you meet the College/School Admission Requirements. Each College/School has its own application requirements and process (see a College/School advisor below).

Admission Criteria and Curriculum Information

Degree Requirements

The IFDM Host Colleges/Schools grant degrees, not the IFDM program.

All students admitted to the program have to complete the following degree requirements:

- **UNM Core Curriculum – 37hours** (*Comprised of Writing & Speaking; Mathematics; Physical & Natural Sciences; Social & Behavioral Sciences; Humanities; Foreign Language; Fine Arts*)
- **IFDM Host Colleges & Schools Major Requirements** (Students must meet with a College/School advisor for specific degree requirements each semester.)
- **IFDM Core Courses- 29hours** (Students must meet with the IFDM college academic advisor each semester.)
The IFDM core is required of all students in the program. It is designed to give the student technical, critical and creative skills with the history, critical understanding and practice of digital media. The IFDM core sequence of courses will provide students with experience working individually, and in collaborative teams. ***The IFDM core classes are taken in specific order from the time a student is admitted as a pre-major into the program.*** The last core courses of the program include capstone courses, in which students work in interdisciplinary teams to complete projects relevant to their IFDM curriculum.

To satisfy the program requirements, students must complete **29 credit hours of IFDM core classes** and earn a grade of **“C” or better (grades of C- are not accepted)** in all courses. To verify that you are meeting all program requirements, review your Lobo Trax Report often (via Lobo Web) and meet with the IFDM advisor each semester.
